

» TFG Transfracht and Hamburg Billwerder: the gateway to China.

Every day, the AlbatrosExpress connects 27 European terminals with the hub for Eurasian rail links and enables connections to over 20 terminals in China.

Clear the way for even more climate-friendly pre-carriage and onward carriage by rail - every day.

» Your benefits at a glance

Flexible, frequent connections:
between 27 terminals in Germany, Austria, Switzerland, Italy and over 20 terminals in Asia – every day

Faster & more cost-efficient than ship and truck:
rail comes into its own on long-distance routes

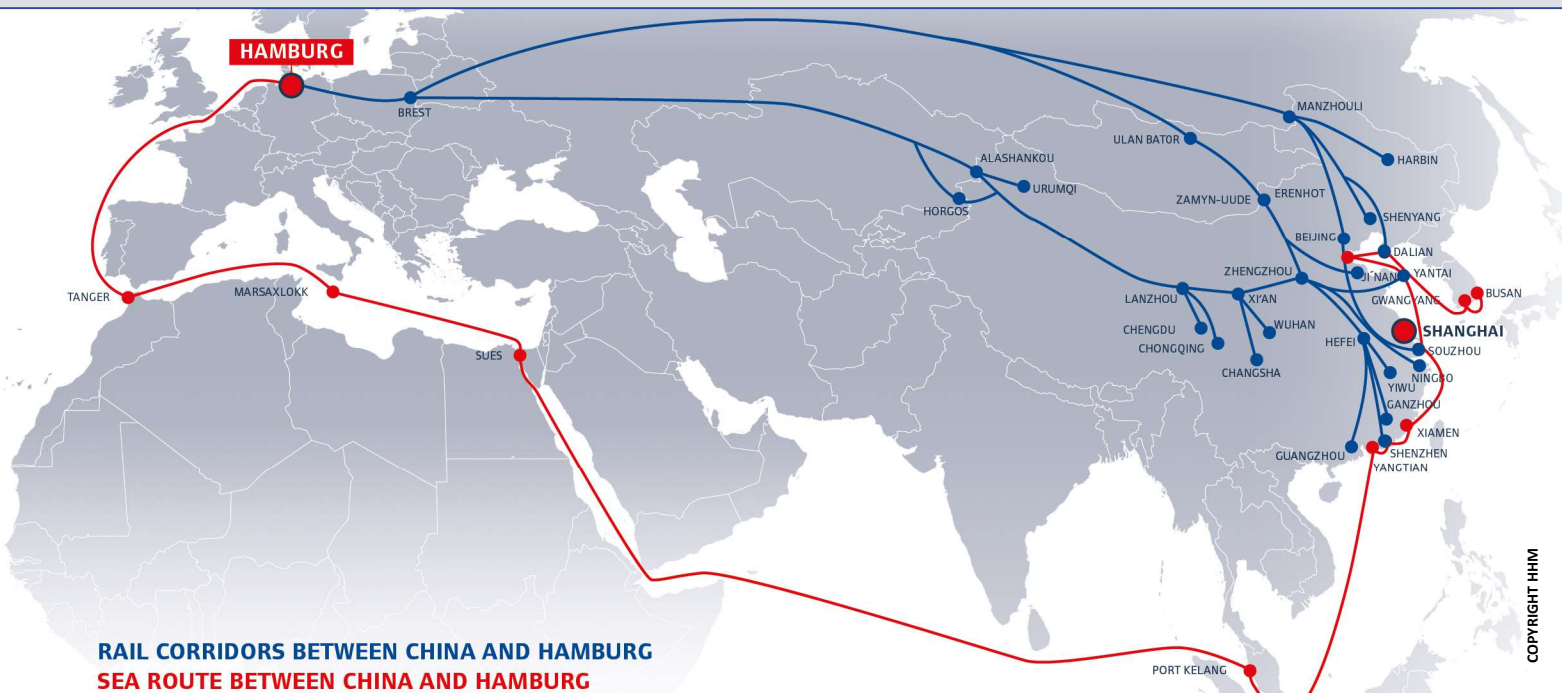

Scalable train operations:
allow flexible increase in volumes

Climate-friendly transport:
80% reduction in CO₂-emissions compared with road.

TFGreen eco solutions:
TFGeco train enables 100% CO₂-free rail transport using green electricity.
TFGeco truck also enables 100% CO₂-free road transport using compensation.
